

May 1, 2017

In an ongoing effort to provide appropriate, affordable, healthcare options to our members, Willamette Valley Community Health CCO will be making several changes to the current formulary.

All formulary changes, additions and removals are thoroughly investigated, reviewed and approved by the WVP Health Authority Pharmacy & Therapeutics Committee. This Committee is comprised of several providers representing multiple specialties and clinics from our community. These recommendations were based on utilization, pharmacokinetic information and cost data.

We value your partnership as we continue to work toward our mutual goal of delivering the highest quality healthcare while ensuring affordability and accessibility. If you are interested in participating in the WVP P & T Committee please contact the WVP Clinical Pharmacists at 503-371-7701 for more information.
